(b) RUS Form 282, Subcontract, shall be used for subcontracts under construction and installation contracts.

§ 1753.10 Preconstruction conference.

The borrower shall conduct a conference, attended by the borrower, contractor, and resident engineer prior to the beginning of construction to provide an opportunity to discuss and agree on responsibilities, procedures, practices, and methods before the work begins. The borrower shall provide each participant with a copy of the conference results. The GFR shall be invited to attend this conference.

§ 1753.11 Contract amendments.

(a) The borrower must obtain RUS approval before execution of any amendment to a contract if

(1) The amendment alters the terms and conditions of the contract or changes the scope of the project covered by the contract regardless of the amount of the contract before amendment,

(2) The amendment increases the amount to be paid under the contract by 20% or more, or

(3) After amendment, the amount of the contract will be \$100,000 or more.

(b) Prior RUS approval to execute other contract amendments is not required. These amendments are to be submitted after execution to RUS for approval.

(c) For each amendment executed, the borrower shall make certain that:

(1) The contractor's bond covers the additional work to be performed. If the amendment by itself (or together with preceding amendments) increases the original contract price by 20% or more, a bond extension will be required to bring the penal sum of the bond to the total amended contract price.

(2) If an amendment covers construction in a county or state not included in the original contract, the borrower and contractor are licensed to do business in that location.

(d) Amendments are to be submitted in triplicate to RUS for approval with a copy of the board resolution or a letter signed by an authorized corporate official.
